

SUMMER SCHOOL CLASS DESCRIPTIONS 2021

ELEMENTARY & JUNIOR & SENIOR HIGH ENRICHMENT

CLASS	GRADES	TIME	CLASS DETAILS
Digital Art Enrichment Class	4th–8th	8:00 AM–9:55 AM	Despite the name, Digital Art teaches drawing, and design, for both old-school paper-and-pencil or modern tablet-and-stylus. Students expand their skills as communicators, cartoonists, storytellers, and illustrators. Students who want to take the class digitally will need a working iPad, Apple pencil, and the application Procreate Pocket. Old-school paper-and-pencil artists will need blank paper, pencils, and erasers. Either way, the class will learn skills for a lifetime of use.
Beginning Band Enrichment Class	4th–12th	8:00 AM–9:55 AM	Have you ever wanted to learn an instrument? Does the idea of playing in a band and making music with your friends sound exciting? Then come join the FBS Summer Beginning Band ! Even if you have no prior musical knowledge, we will teach you everything you need to know. This five-week course will set you up with the tools you need to begin a lifelong journey of music making! Open to any students in 4th–12th grades.
Jazz Band Enrichment Class	6th–12th	8:00 AM–9:55 AM	In Jazz Band , students will learn the fundamentals of various jazz styles as they rehearse and perform exciting big-band music. They will be introduced to the concept of improvisational soloing as we grow together in creativity and expression. Open to students in 6th–12th grades with prior instrumental music experience.
Intramural Basketball Enrichment Class	4th–8th	8:00 AM–9:55 AM	In Intramural Basketball , students will learn the basic skills of shooting, rebounding, ball handling, and all the other fundamentals of the game. Students will also learn how to practice better, improve their skills, and participate in scrimmage basketball games.
Conversational Spanish Enrichment Class	1st–3rd	8:00 AM–9:55 AM	In Conversational Spanish , along with vocabulary words for greetings, numbers 1–100, colors, days of the week and months of the year, students will learn basic conversational techniques in addition to songs and culture as related to Mexico and Spain.
Video Editing Enrichment Class	4th–8th	8:00 AM–9:55 AM	Some say a picture is worth a thousand words, and in Video Editing , students will learn how to make a video worth a thousand pictures. Students will learn how to edit videos and create their own movies as they learn how to use Apple's video editing software—Final Cut Pro X or iMovie. Students who take this class must have access to a Mac computer or iPad with iMovie.
Wonderworks: Fun with Applied Science Enrichment Class	1st–3rd	8:00 AM–9:55 AM	Wonderworks is all about discovering how fun science can be. Through this class, students will become familiar with the different branches of science—biology, anatomy, chemistry, physics, and forensics. Students will apply the concepts we learn to investigations, activities, projects, and experiments. Whether they're building bridges, flying airplanes, solving mysteries, or dissecting plants, students will get to explore God's amazing creation!

Get Artsy Enrichment Class	1st–3rd	10:05 AM–12:00 PM	All kids start off as artists, with a desire to express themselves, tell stories, or create whatever they feel like at the moment. Get Artsy will help give them tools to develop their skills, try new tools, and help them experience art in brand new ways.
Beginning Band Enrichment Class	4th–12th	10:05 AM–12:00 PM	Have you ever wanted to learn an instrument? Does the idea of playing in a band and making music with your friends sound exciting? Then come join the FBS Summer Beginning Band ! Even if you have no prior musical knowledge, we will teach you everything you need to know. This five-week course will set you up with the tools you need to begin a lifelong journey of music making! Open to any students in 4th–12th grades.
Beginning Music Performance Enrichment Class	1st–3rd	10:05 AM–12:00 PM	In Beginning Music Performance , students will be taught basic note reading using music letters, solfege, and numbers. Key music terms regarding tempo, dynamics, and note values will also be taught. They will also learn vocal warm-ups, solo singing, and songs for groups. Incorporated in the learning experience is vocal projection through speaking and expressing one’s ideas through play acting (3–5 minutes of acting snippets with a short song at the end). Each student’s goal is to perform a solo number by the end of the program, to learn how to sing together, and to act short, musical plays together.
Percussion Ensemble Enrichment Class	5th–12th	10:05 AM–12:00 PM	Students in the Percussion Ensemble will be able to play multiple instruments from the percussion family including mallet, drum, and auxiliary instruments. We will work on developing technique and performance skills as we learn and perform exciting percussion music. Open to students in 5th-12th grades.
Confident Leaders & Speakers Enrichment Class	4th–8th	10:05 AM–12:00 PM	Confident Leaders & Speakers will explore the foundational principles of leadership for adolescents and develop their public speaking abilities. Students will practice basic phone conversation skills and proper etiquette, give an informative speech, argue a point, and write a speech of introduction. Future leaders will learn to lead and express their points of view with confidence.
Personal Finance Enrichment Class	4th–8th	10:05 AM–12:00 PM	The one subject every student must understand to be successful in today’s world—money and finances. From learning how to make a budget and understanding insurance to balancing an account, writing checks, and buying or leasing a car, students will learn all the basic principles of Personal Finance . Student exercises will include shopping for a house or an apartment that fits a budget, writing a résumé, and practicing a job-winning interview. This exciting five-week-class will set your student ahead of the pack when it comes time for these important steps in his life!
Wonderworks: Fun with Applied Science Enrichment Class	4th–8th	10:05 AM–12:00 PM	Wonderworks is all about discovering how fun science can be. Through this class, students will become familiar with the different branches of science—biology, anatomy, chemistry, physics, and forensics. Students will apply the concepts we learn to investigations, activities, projects, and experiments. Whether they’re building bridges, flying airplanes, solving mysteries, or dissecting plants, students will get to explore God’s amazing creation!
